

Dear Project House sponsors and student leaders,

Thank you so much for participating in Habitat for Humanity of Greater Memphis' first youth build initiative! We are so excited about working with each of you in the coming months! We have some wonderful and deserving partner families; it's because of the generosity and commitment of your organizations that they're realizing their dream of homeownership. Thank you for that gift!

In an effort to coordinate the building project, we have planned a meeting for **February 27, 2007 at 4:00 p.m.** at the **Main Library on Poplar Avenue.** The meeting will take place in Meeting Room B (middle room of the three as soon as you walk in the library and to the left) and should last no longer than 45 minutes. We'll be expecting at least one representative from each school—preferably the sponsor and student leader. **Please R.S.V.P. to me via e-mail or phone and feel free to contact me with any questions, concerns or ideas at any time.**

I'd also like to make you aware of some important build-related events that we have coming up very soon!

Thursday, February 22 – 5:30-8 p.m. – Medtronic Sofamor Danek at 1800 Pyramid Place (Millbranch exit off of I-240)

“Green Hat 101” – By special request, we will be hosting our first construction orientation aimed specifically at empowering you and folks within your school to take more of an active leadership role on your build day(s). This will be a fun, informal session that's open to anyone who wishes to learn more about Habitat's building approach. Please spread the word!

Monday, February 26 – 6-7 p.m. – Germantown Presbyterian Church (Warren Hall) at 2363 Germantown Road S. (see map below)

Sponsor/Homeowner Reception – This is your opportunity to meet your partner family and the construction volunteers who will be leading your house. It's a great way to kick off the build, and we hope to have at least one representative from your school present. Light snacks and beverages will be served. This is open to anyone in your school who wishes to come. Please RSVP by e-mail with an approximate number of attendees no later than Friday, February 23.
